Motorola CPS Programming Software

We do not sell, trade, barter, swap, slip, drop, borrow, lend or sneak Motorola CPS Software and Firmware packages. Please do not ask as the reply may offend you!

Motorola requires a software license agreement for most Motorola Two-Way radio software programs. This signed agreement must be renewed every two years. This is a contract with you and Motorola, Inc.

Your local Motorola radio dealer should be able to supply you with a subscription to the Motorola CPS programming software.

Many repeater keepers are prepared to program your radio for you upon request.
